

File No. 7066

REMARKS

The Examiner's allowance of claims 1, 2, and 4 has been duly noted.

Claim 3 has been amended to specify that the lower section of the coverall is inflatable. This feature is neither disclosed nor suggested in the cited Reynolds patent.

The dependency of claim 4 has been shifted from claim 1 to claim 3.

It is now believed that this application is in condition for allowance, and such action is earnestly solicited.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Maurice E. Gauthier", written over a horizontal line.
